

Iran Foundry Syndicate (I.F.S)

The 3th International Foundry Technical Forum and Exhibition

**Exhibition Covers all Equipments and Materials for
Iran Foundry and Metallurgy Industries**

Foundry Industry has a good vision in Iran, because of using low cost energy & material and labour that are the three major needs for this Industry, so Iran has also a developing market for Foundry Industry and more than 1600 Foundries with 750.000 ton annual production are active.

Regarding this need Iran Foundry Syndicate has organized the second Foundry Trade Fair in 3 days for Companies which are active in the fields of:

- 1- Foundry Products.
- 2- Foundry Machinery.
- 3- Furnaces and Thermprocess.
- 4- Raw Materials for Foundry & Metallurgical Industry.
- 5- Software & services.
- 6- Lab. equipments.

- Beside the Exhibition a Technical Forum will be held in two days consist of Technical Presentations & Workshops and one day courses. The subjects for the Forum will be:

- 1- Foundry & Market.
- 2- Development in Foundry Efficiency and Optimizations.
- 3- Saving Energy and Environmental Management.
- 4- Simulation and Softwares usage in Foundry.
- 5- Innovations in Foundry Processes & Materials.
- 6- Company & Product Presentations.

- Foundry and Management were presented.
During 3 days of holding the Forum & Exhibition, 4720 experts took part in it.
In Third Iran MFTFE on Sep.2011 great attempt would be centeralized on showing new markets for Foundry with focus on Energy-Saving in Foundry-Industries.

Hope to see you in
Tehran Hotel Olympic 26-28 Sep 2011.
