

The Second Iran Foundry Technical Forum & Exhibition 5-7 Oct. .2009

Foundry Industry has a good vision in Iran, because of using low cost energy & material and labour that are the three major needs for this Industry, so Iran has also a developing market for Foundry Industry and more than 1500 Foundry Trade Fair in 3 days for Companies which are in the field of:

- 1-Foundry Product.
- 2-Foundry Machinery.
- 3-Furnaces and Thermprocess.
- 4-Raw Materials for Foundry & Metallurgical Industry.
- 5-Software & Services.
- 6-Lab.equipments.

Beside the Exhibition a Technical Forum will be held in two days consist of Technical Presentations & Workshops and one-day courses. The subjects for the Forum will be:

- 1-Innovation in Foundry Processes & Material.
- 2-Development in Foundry & Metallurgical Equipment.
- 3-Saving Energy and Environment Management.
- 4-Simulation and Software usage in Foundry.
- 5-New Markets for Foundry Industry.
- 6-Company & Product Presentations.

Hope to see you in Tehran 5-7 Oct 2009.

Material, Equipment and products Exhibition of Metallurgy and Foundry Industries

Pavilion Requester Form

Company Name:

Managing Director:

Field of Activity:

Tel:.....

E-mail:.....

Address:.....

Name and title of orderer:.....

Number of ordered pavilions:

Date: Seal & Sign

The price of the space with shell scheme: each sq.m is 250€
