## LITMASH 2017 SEMINAR PROGRAMME

# “INNOVATIVE CASTING TECHNOLOGIES FOR MORE EFFICIENT MANUFACTURING”

TUESDAY **6<sup>TH</sup> JUNE 2017** EXPOCENTRE

METAL PLAZA, Pav.1

- 11:00 – 11:05** **Welcome speech**  
Russian Association of Foundrymen (RAF), Messe Duesseldorf Moscow
- 11:05 – 11:30** **“Digital casting production”**  
Bogdanchuk. S., deputy director of National Institute of Aviation Technologies (NIAT)
- 11:30 – 12:00** **“Application of 3D technologies for high-precision / complex-shaped castings”**  
Belov VI., National University of Science and Technology MISiS department Chairman,  
Doctor of engineering sciences, professor
- 12:00 – 12:30** **“Development of additive manufacturing in casting processes”**  
Korotchenko A., Chairman of Foundry Department of the Bauman MSTU. N. Uh.Bauman, professor
- 12:30 – 13:00** **“UMPO Holding — best practice in using 3D technologies in industrial foundry”**  
Alikin P., deputy technical director of Innovation development department «Ufa Engine Industrial Association» (UMPO)
- Moderator: Belov VI., National University of Science and Technology MISiS department Chairman,  
Doctor of engineering sciences, professor, RAL executive member

### COFFE BREAK

- 14:00 – 14:30** **“Trends of Foundry Development in Russia”**  
Dibrov I., doctor of engineering sciences, professor, President of the Russian Association of Foundrymen
- 14:30 – 15:00** **“TS Lit LLC (Voronezh) Foundry production. Achievements and perspectives”**  
Peshkov V., director of TS Liteynoe proizvodstvo LLC
- 15:00 – 15:30** **“Application of modern technologies in foundries”**  
Sudarev A., engineering department specialist / “CSoft”
- 15:30 – 16:00** **“New refractory technology for melting iron and steel in coreless induction furnace”**  
Gusev M., technical director / ALLIED MINERAL PRODUCTS RUS
- 16:00 – 16:30** **“Küttner’s best practice in sand molding, in no-bake and green sand systems”**  
Dr.Marian Ivanov and Francesco Savelli / KÜTTNER GmbH &Co. KG
- 16:30 – 17:00** **“HEINRICH WAGNER SINTO Foundry manufacturing achievements”**  
Olaf M. Kramer / HEINRICH WAGNER SINTO Maschinenfabrik GmbH
- 17:00 – 17:30** **“Variety of products by Chem-Trend for DC Industry”**  
Pancheshniy A., sales manager / CHEM-TREND Russia
- Moderator: Dibrov A., RAF’s Vice-President for International relations BRICS Foundry Association Executive member
