

PRESS RELEASE

ALUMINIUM INDIA 2008 LAUNCH

Reed Exhibitions India (RXI) and Dr. Nilmani, Managing Director of NCS Associates (Australia) Pty Ltd are delighted to announce that Reed Exhibitions India have acquired **Alcastek**. The internationally esteemed conference and exhibition on cast house, rolling & extrusion technology is now fully integrated with the newly launched "**ALUMINIUM INDIA**". The enhanced aluminium industry event will take place on 22-24 February 2008 at the Bombay Exhibition Centre in Mumbai.

Alcastek has been India's premier and established biennial conference & exhibition since 2002. Since then it has become the platform of communication for current technical issues affecting the domestic & global Aluminium industry. Dr. Madhukar Nilmani, Alcastek's founder said "I am pleased that we have joined forces with Reed Exhibitions to develop **Alcastek** from within the enlarged **ALUMINIUM INDIA** event. We now look forward to exceed the international standards already set by Alcastek's fame and success in India's exciting and growing aluminium market and industry".

Reed Exhibitions are already a dominant force in the global Aluminium sector with world leading forums like ALUMINIUM World Trade Fair & Conference in Germany, ALUMINIUM CHINA in Shanghai and an ALUMINIUM International Pavilion at Expo Aluminio Brazil in Sao Paulo. ALUMINIUM in Germany is the world's leading trade fair for the global Aluminium industry. In 2006 it showcased 685 exhibitors from over 40 countries spread over 55,000 m² of area and was witnessed by 15,270 visitors from over 95 countries. Thus covering the Aluminium industry's entire value chain, and spotlighting innovative solutions for all application areas.

Continuing the internationalization of ALUMINIUM from Germany to China & Brazil, **ALUMINIUM INDIA 2008** is dedicated to offer to the global industry participants the opportunity to exhibit, communicate and network in one of the fastest developing economies of the world.
